Volume VI

At the top of a smooth, tranquil hill on highway 18, the Hinds and Copiah county lines intercept. What a unique setting for a learning institution! Alongside this hill on these county lines, situates the home of the Bulldogs. It was here where we learned, shared, cared, worried, laughed and compared. Because of our great efforts, we left an indelible mark through our achievements in academics, performances in sports, and through participation in functioning clubs and organizations. Moreover, we left our mark through just being whom we were—people. Leaving a lot to look back on, we left our mark on the county line.

Mr. & Miss Hinds

Clayton, an honor student of Utica, MS, enjoys singing, dancing and socializing. He plans to pursue a career in electrical technology. Debbie, a native New Yorker, likes to spend her pastime skating, dancing and reading. She is an honor student. Her dream is to become a psychiatrist.

His Highness and her Majesty were electrifying on the night of the coronation ball and during the homecoming parade.

Granted the opportunity to develop a background for a career in business as well as in other career areas, many students worked hard to witness the fruit of their labor.

Achieving Through Academics

Honor is the reward for excellence in academics.

Some students who lack proficiency in certain academic skills are provided reinforcement through the title I programs.

These seniors find the micro-film reader a useful resource for doing reports and research papers.

Getting Ahead

Through the G/T program students were able to excel in their interest areas. They were permitted through the program's design to enroll in college classes to develop foundational skills in computer technology, auto mechanics, communications, music, art, science, math, drafting and design and accounting.

Imelda Watson, a future accounting major, spends some of her time on the computer.

Miss Gifted and Talented, Imelda Watson, is much excited about the accelerating program.

Reginald Marshall finds his experience in the computer center rewarding.

Michael Hill repairs one of the technical features of the motor for his "ride".

Striving for a Mark of Excellence in Academics

Oral reports on current issues and their effects on us as American citizens often made for an interesting class period.

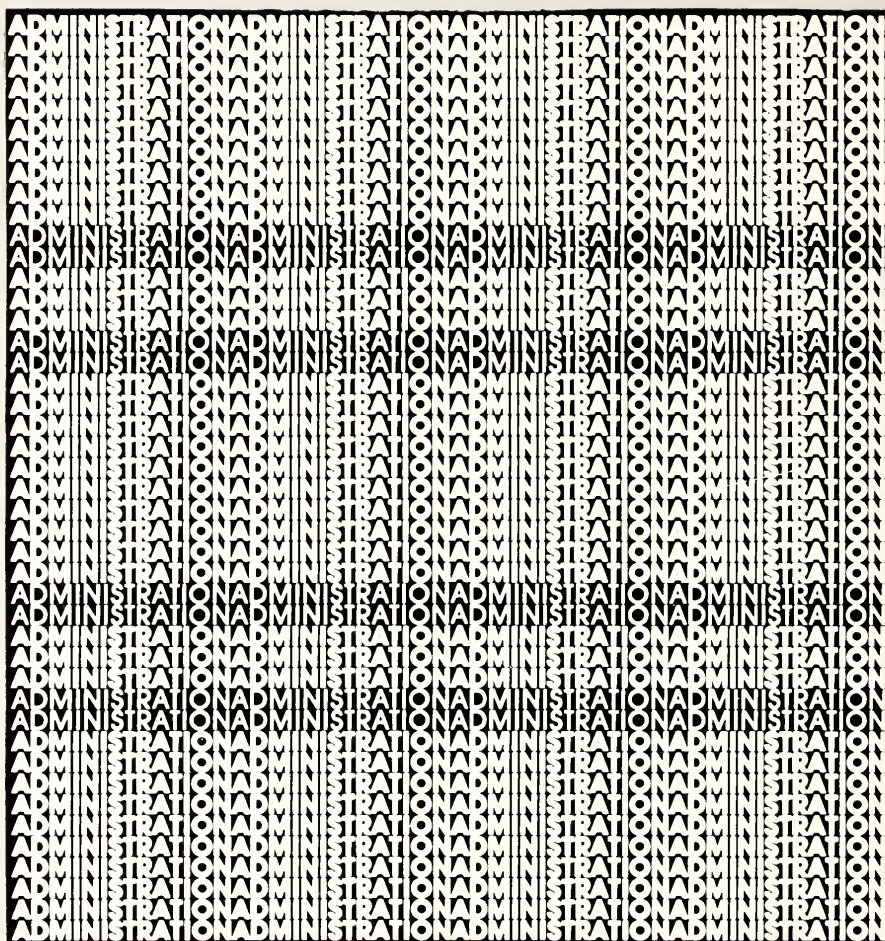

Getting off to a good start was the goal of typing I students.

First year homemaking students learn to plan, prepare and serve wholesome meals during first semester.

BULLPUPS EYE TOUGHER CHALLENGES

The Hinds A.H.S. Bullpups faced tougher challenges this year, as they competed for the District 6AA championship with the likes of Vicksburg, Warren Central, Clinton, Pearl and others.

The HCAHS squad finished 2-7-1. Coach Strong and the Bullpups envisioned that the team will be much improved in 1982. The outcome of the Bullpups' performance depended virtually on how well the squad matured as a team.

Junior quarterback Clifford Kelker was at the helm of the Bullpups' offense, while aided by the running of fullback Stanley Lomax and wingback Patrick McFarland; other players were a big factor on helping the Bullpups face the tough challenges.

There was no doubt that we felt we are an outstanding football team. We have it marked.

BULLPUPS: Leonard Roland, Patrick Cheetum, Stacey Green, Stanley Lomax, Michael Surrell, Tyrone Walker, Alexander Davis, Lindell Shelby, Benjamin Kelly, Earl Harris, Aaron Frazier, Patrick McFarland, Clifford Kelker, Greg Miller, Marlin Gines, Amonte Devine, Reginald Wright, Lonnie Hill, Stanley Price, J.D. It came as a surprise. Three inches of the beautiful, milk-white, fluffy stuff carpeted everywhere. Because of the snow and ice, we were given a short week vacation. We found every means possible to enjoy this unusual gift of mother nature from locating slopes on which to slide and glide to making snow ice cream. What fun we remember!

Fun was the name of the game. More could not have been had in Aspen, Colorado.

Juniors make down payment on class rings.

Departing, we leave our mark on the county line.

Star-Student Names Star- Teacher

Each year the Mississippi Economic Council honors the senior scoring highest on the ACT with a Star-Student Award. Cheryl Y. Barnes was the recipient of this year's award.

She has received numerous awards throughout her elementary and high school years. Along with other members of her class, she was listed in **Who's Who Among American High School Students**. Cheryl was a member of the FHA, AIASA, journalism and honor society clubs and organizations.

After completing two years study at Utica Junior College, Cheryl will attend Jackson State University to pursue a career as a pharmacist.

Cheryl named Mrs. Magnolia M. Hampton star-teacher. Mrs. Hampton who teaches English and literature accepted her award as a challenge to the task of further educating young people.
