The UTICANITE 1957

PUBLISHED

The Utica Institute

WM. H. HOLTZCLAW, Principal
Utica Normal and Industrial Institute
Utica Institute, Mississippi

The principle of developing within youth the ideals of wholesome living as useful citizens by its founders, is more evident than ever before.

In keeping with this principle of living in a dynamic society such as ours, we the staff of "1956-1957 Uticanite" hope to present to you the story of our efforts to meet the challenges of today and the future. We feel that success is more meaningful to those who work for it. However we also feel that play or extra-curricular activities play an integral part in the development of well-rounded citizens.

Our primary objective is ever present in our daily planning and activities. We are cognizant that never in the history of the institution have we needed youth who are more capable of uplifting the economic, educational, and moral standards of our society than now.

MR. J. D. BOYD, President

DEDICATION

In dedicating our second "Uticanite" to you, our highly esteemed and retiring President, Mr. J. D. Boyd, we wish to humbly and sincerely express our appreciation.

Your tireless efforts, determined attitude and high standards of educational opportunities which you have maintained for youth in this county and state, your sympathetic understanding and strong guidance have been an inspiration to us to strive for higher goals.

In achieving these aims for better facilities in all areas gives us an example and an insight to the possibilities attainable in one's life.

Our best wishes go with you to broader services for health, success and happiness.

PRESIDENT'S MESSAGE

This will probably be one of my last official acts as President of The Utica Institute. No one knows better than I how strongly I hoped that I would not be called away from you. I have learned to live with you, to work with you, and to love you. Nothing that I know of will ever change the deep love and respect that I have for The Utica Institute family. I sincerely hope that every one of you will continue to do all in your power to make The Utica Institute the kind of institution that we had hoped and prayed for it to be.

As I assume my duties in the position to which I was recently appointed, I carry with me the deep feeling that each of you is with me and that I can always be sustained by that knowledge. Let Utica forever be to all of us not only an institution of buildings and grounds but one of spirit.

Dear Uticanite:

Greetings and congratulations are certainly in order to you and members of the annual staff and its advisory committee on the publication of Utica's second yearbook.

You are indeed rich in a countless number of ways.

The theme of this year's book - "Without These" is very timely. You, the students, are a most important part of our program. To us, you represent the cause of our being and our dedication to service.

As each person realizes his importance and responsibility as a part of our total school program and assumes that responsibility Utica will become even a greater institution.

No matter what may happen and what decisions may be made that will affect our lives, you must always bear in mind that you have attended a great institution and your attendance or employment at the school has made you a participant in and a part of a great tradition.

Cordially and sincerely,

Board Elects President Boyd To New Position

The Board of Trustees of Institutions of Higher Learning of Mississippi has elected Mr. J. D. Boyd, President of The Utica Institute, as President of Alcorn A. & M. College.

President Boyd will bring to the office wide knowledge of the needs of the people of Mississippi. He was born at Delo-roso, Wilkinson County, Mississippi. His education was obtained in the grammar schools of his state. He graduated from Alcorn A. & M. College in 1932. His graduate work and degree were earned at the University of Illinois.

His life has been devoted to teaching. He began work in a one-teacher school. He served for sixteen years as a principal and teacher of vocational agriculture in the high schools of Mississippi. In 1947, he was called back to Alcorn as instructor in agronomy and manager of the college farm. In 1951, he was asked to become head of The Utica Institute. In his short stay at that institution, he has increased the enrollment from 300 to nearly 600, the employees from 16 to 47, and the physical plant to about \$700,000. He has paved the streets, built a football field, and installed modern lights on the campus. Within five years after he became head of The Utica Institute, it was fully accredited by the Southern Association of Colleges and Secondary Schools.

He has not been too busy to give time to worthwhile projects. He has been president of the County, District, and State Teachers' Association. He has been active in attending national educational meetings, and was one of the eighteen delegates from his state to attend the White House Conference on Education. He helped to organize and become vice-president of the State Mutual Savings and Loan Association.

President Boyd is a member of the Baptist Church, the Elks, Phi Beta Sigma Fraternity, Phi Delta Kappa Honorary Fraternity, American Society of Agronomy, and many other civic and professional organizations.

The Dean Speaks

"SIX YEARS OF PROGRESS"

Uticanites everywhere regret to hear that our president, J. D. Boyd, is leaving Alcorn A. & M. College to accept the position of President of the State Mutual Savings and Loan Association.

The general tone of the school was at its worst.

The change that has taken place can hardly be appreciated by the casual observer who may just happen to observe Utica at work. The appreciation, greatly increased, was seen when you entered the school.

Negro History Is Observed At Utica Institute

Negro History Week was observed by chapel programs, classroom discussions, and bulletin board displays.

Dr. John Eubank, professor of social science at Jackson State College, delivered a very informative and inspiring message concerning the Negro in this present society. The dramatic club presented a pageant that symbolized the Negro's heritage.

The tenth grade English classes listened to various speakers during the week who spoke on the Negro's contribution in their fields of concentration. The speakers were: Messrs. Robert Anthony, Dennis Sweet, Arthur Kinnard, Walter Tilles, James Bolden, Henry Purnell, and Moses Howard.

EDUCATION AND MONEY

An ancient writer tells us that, on one occasion, Aristotle was asked how much educated men were superior to those uneducated. "As much" the Greek Philosopher replied, "as the living are superior to the dead."

This somewhat grim comparison might well be provocative of serious thought on the part of parents, teachers, and students. For it is true that the educated man or woman possesses a fortune—not necessarily in money—which "the wreck of matter and the crash of worlds" cannot take away.
