# *DEDICATED TO THE SPIRIT OF*

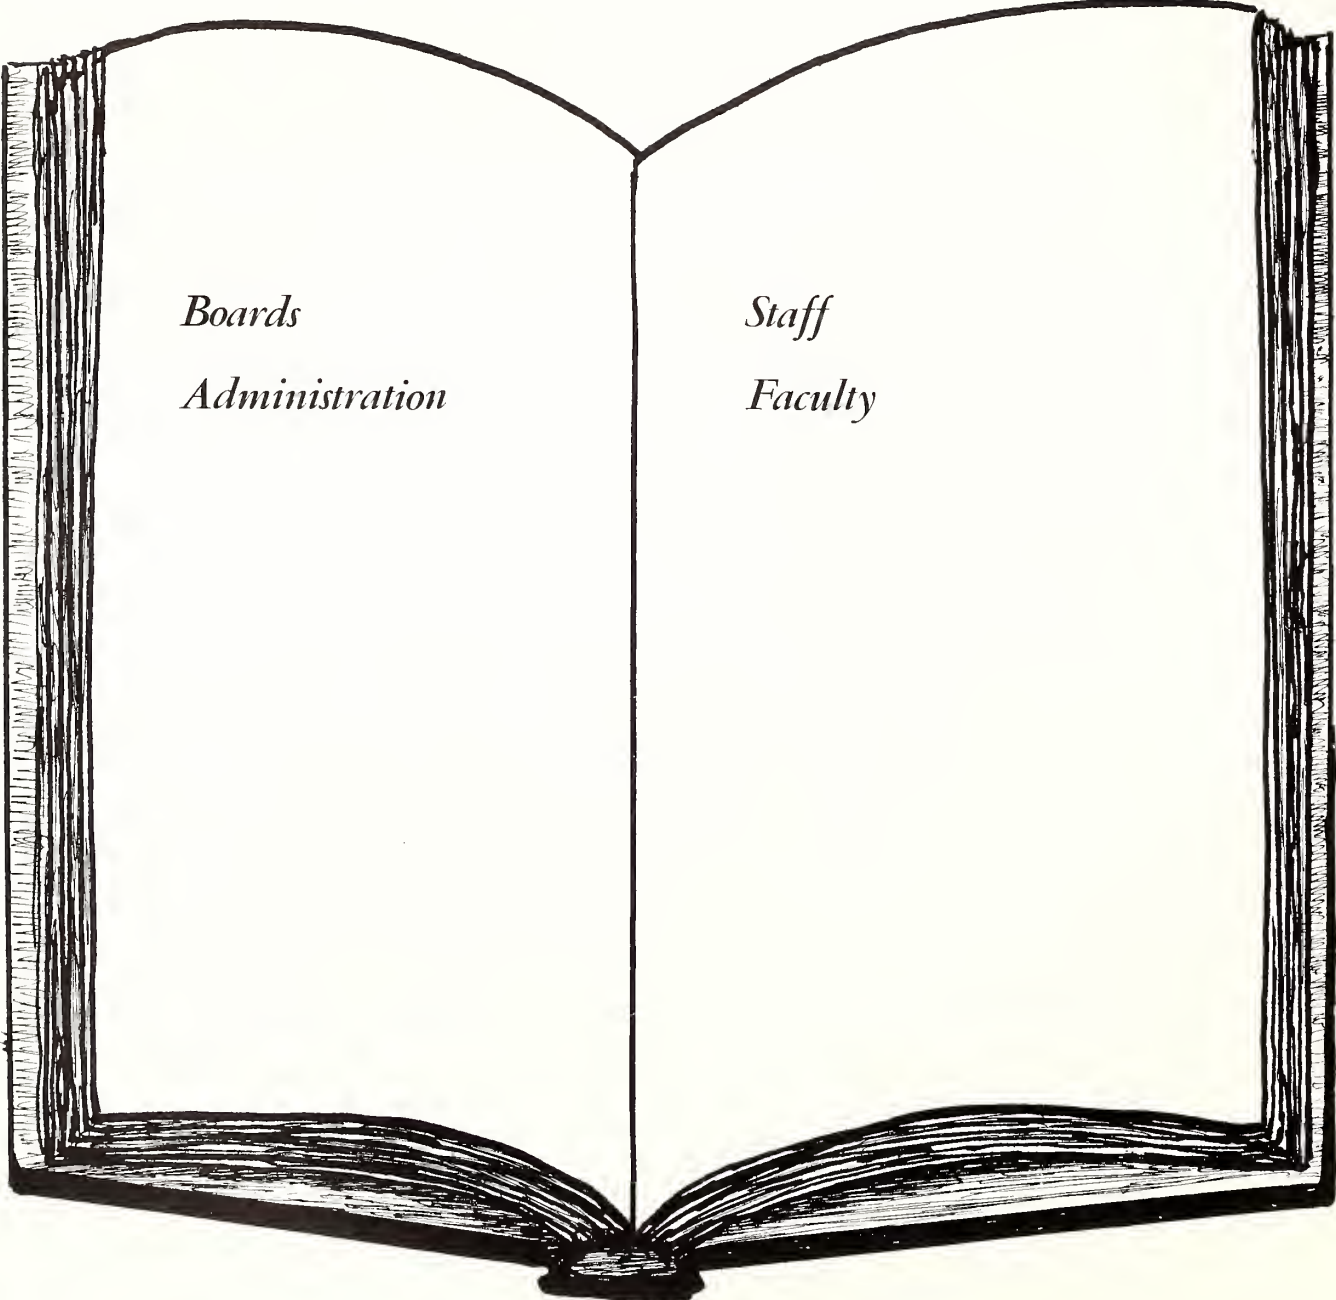

# *UTICA JUNIOR COLLEGE*

The spirit of Utica Junior College expresses itself in the excitement of sports events, the cordiality of her students, the pride of victory, the honor of valor, the dignity of worth, and the concern of her faculty members. It includes those intangible qualities which present themselves in the various communities from which her students come—the yearning to tread her campus once more and take in its beauty from season

to season; the readiness to defend her and the principles upon which she stands; the desire to promote her growth through hard work and devotion.

Uticanites must take care to pass on this spirit just as it came to them—unspotted, honorable, and true. It is the heritage to face the future with faith, hope, and courage.

## *The President's Message*

### UTICA JUNIOR COLLEGE

(HINDS COUNTY AGRICULTURAL H. S.)

UTICA, MISSISSIPPI

OFFICE OF THE PRESIDENT

TELEPHONE: 888-2611

January 14, 1966

Dear Students and Friends:

The change to meet new needs seems to be the major concern today. Utica Junior College is a part of that change. In order to meet new needs of the students and the community the college has launched an expanded building program: a student union, which will be completed by September of this year; an administration-classroom building; Vocational-Technical Complex; library; and Fine Arts Building.

The college has a nineteen percent increase in enrollment this year. This is based upon the increased opportunities for employment whose demands are greater than the college can supply. With the rate of the current increase in enrollment, by 1968 we plan to have one thousand college students.

The college has graduates who have transferred to and graduated from all the major senior colleges in our area and many of them graduated with honors. The Vocational-Technical students are working in industry with good salaries. The barbering and cosmetology students are placed in practically every barber shop and beauty salon in this area.

The junior college is now in the process of doing its self-study as a part of the requirements for full accreditation by the Southern Association of Colleges and Schools. Our High School Department has been fully accredited by the Southern Association for many years.

Utica Junior College is able to expand and meet the new needs of the students because it has a well trained, energetic, and dedicated faculty and staff.

I congratulate the staff of the Uticanite upon a job well done.

Sincerely yours,

*Walter Washington*  
Walter Washington  
President

## *The Dean's Message*

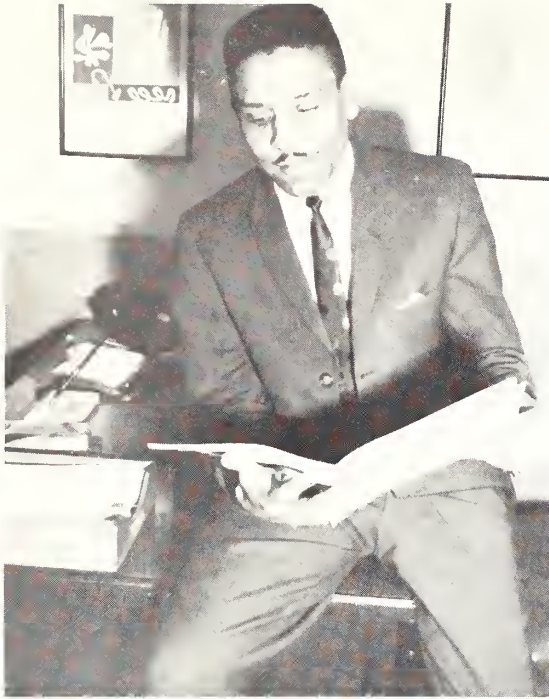

Dear Friends,

We often wonder what it would be like if we did not publish an annual each year. The lives of most of us are so crowded that there is not time or opportunity for the proper study of documents, papers, catalogs, books, etc; and indeed the world is so full of these that one could go but a short way in a lifetime devoted to reading. This year we have friends on our annual staff who have selected for our enjoyment the best of everything which has happened especially this year at Utica Junior College and has placed this before us so that we may familiarize ourselves with what has happened at Utica this year.

Truly, all of us are indebted to the annual staff for putting together this unique publication. Our wish is that our words and deeds depicted throughout this annual will create an image which will complement the hard work done by the members of the annual staff and that all who read this annual will enjoy it to the fullest.

Arthur H. Kinnard, Jr.  
Dean of Instruction

*"Our revels are now ended . . ."*

*With this we remember . . .*

*We recall . . .*

*We reminisce . . .*

Over this year spent at Utica Junior College and Hinds County Agricultural High School.

As we recall things past and live in the present, we come to the firm realization that both are essential to the foundation of our future.

The staff of the **UTICANITE** has undertaken the task of making this year's experiences permanent in the form of a yearbook to serve as a reminder of the past and as a guidepost to the future.

On behalf of my most capable and untiring staff, it is our pleasure to have you journey into the past with us through these remembrances.

Respectfully yours,  
Luther Harris, Editor

Having spent many months preparing these pages, the annual staff brings its work to a close with a sigh. It has been hard work, but the members of the staff believe that "Every man's work shall be made manifest."

The staff at work

"I like work; it fascinates me. I can sit and look at it for hours. I love to keep it by me: the idea of getting rid of it nearly breaks my heart."

Below: Members of the staff pose with their sponsor, Mrs. Carter, as they make the last check.

"It's all in a day's work," says Mr. Harper after taking and retaking pictures.

"We've had it!"
